

Dear Partners and Volunteers,

Though 2020 has not gone how any of us anticipated, we are committed to continuing to serve you and showcase your destinations – the Texas Heritage Trails are proud to announce our **State Fair of Texas Virtual Destination Days!** Though we cannot be together physically, we will be launching this campaign on our collective website, social media, and individual trail social media. (Texas Heritage Trail Regions Face Book page and the Texas Hill Country Trail Face Book page.)

Here is how it works:

1. Sign up via this link: Hill Country Trail: <https://form.jotform.com/202297176158966>
2. Send us your photos or videos showcasing your community
3. Send us wording to go along with it – Descriptions of your community or attractions
4. Send us your social media to tag
5. Watch our website and social pages for your feature

Thank you so much for being there to help out in the Texas Heritage Trails Program State Fair of Texas booth for the last 20+ years. We could not share all the information about our great state to the visitors without your help. We appreciate you sending brochures, volunteering to work the booth and to our Destination Days folks for sharing your communities with the visitors to our booth.

We will be back in 2021 with a bigger booth and new displays to help share your communities with all the fair visitors. We hope that you will continue to support us by sending your brochures, volunteering in the booth and by signing up for Destination Days. It is going to be a great year to travel Texas!
